**DECstation 2100/3100 Customer Letter**

EK-310AB-CL-002

---

Dear Customer:

Congratulations on receiving your new DECstation 2100/3100 workstation. Your new high-performance desktop ULTRIX workstation is based on Reduced Instruction Set Computer (RISC) technology that brings new levels of performance to desktop computing.

**TO GET YOUR WORKSTATION INSTALLED AND RUNNING**

- Use the *DECstation 2100/3100 Hardware Installation Guide*, located behind this letter, to install your workstation hardware.

**Experienced installers:** Turn to Chapter 6, "Installation Notes for Experienced Installers." If you need more detailed information about any procedure, refer to the table of contents of the hardware installation guide.

**Less experienced installers:** Follow the instructions in Chapters 1 through 6 of the hardware installation guide.

- Use the *DECstation 2100/3100 Operator's Guide*, located behind the hardware installation guide, to learn how to use your monitor, system unit, keyboard, mouse, and any external storage devices.
- Use the installation guide that came with your operating system software to install your operating system.
- To install applications software on your workstation, use the documentation packaged with the product you wish to install.
