Rigol oscilloscope at **S4** to monitor the signals from **SCI41L, SCI41R, SCI42L, SCI42R**

Type the numerical IP adress – **140.181.114.217** in the browser bar to connect remotely to Rigol at S4. Choose "**Web Control**" on the left side of the panel as shown.

In the appeared pop-up window log in as "**admin**" with pwd "**rigol**".

Please do the same for oscilloscope at **S2** to monitor **SCI21L** and **SCI21R** with IP address – **140.181.99.76**
